

# D 電熱盤 DROP-IN HOT PANS

**WBHT Series / Item#** \_\_\_\_\_

Available UL or Non-UL

## Specifications :

Drop-in electrically heated hot food well unit with open water bath tank for wet operation only. Top and water bath tank to be one piece, 18 gauge #304 #430 stainless steel with #3 finish. 1" stainless steel drain nipple and gate valve provided. Unit fitted with electric heating elements mounted beneath tank, insulated and shielded. Connections to heating elements to be located outside of heated zone to avoid wiring deterioration. Unit prewired to controls, mounted on separate stainless steel panel for field installation in counter front. Controls prewired to junction box mounted on control panel for 120/208/240V operation. Fully insulated exterior body of corrosion resistant steel. Studs fitted to each corner for drawing unit down tight against countertop.

## Features:

- Open tank Baine Marie style for wet operation.
- True thermostatic control for precise food temperatures.
- Drain and gate valve - standard.
- Approved for installation in either stainless or laminate counter work.
